

Solid fuel boiler EKON-MAX, bottom combustion, 25kW

Product code: K1AKT-MAX25
Brand: Array
Category: Boilers > Solid fuel boilers

PRICE : €3,120.00

About the product

Manufacturer:
Country of origin:
Height, mm: 1200
Width, mm: 520
Depth, mm: 820
Power (kW) to: 25
Efficiency class:
Efficiency: 85
Made of:
Fuel type:
Chimney diameter, mm:
Item type:
Water volume, ltr: 78
Max. working pressure, bar: 1.5
Heating (cooling) area (m2) to: 250
Charge, dm3: 140
Warranty, year: 2

Description

"EKON MAX" boiler is a product of the highest category with an additional heat exchanger and updated secondary air supply.

Features:

- with a double combustion chamber and three horizontal heat exchangers;
- suitable for burning wood and coal;
- the large area of the heat exchanger (3.0 m²) and the load volume ensure a high efficiency factor and a long burning time;
- boiler body with insulated walls;
- with traction adjustment valve;
- long-lasting cast iron blades for better fuel combustion;
- suitable length of firewood - up to 500 mm;
- maximum working temperature 90°C, minimum 60°C.
