

Air-to-water heat pump Atlantic Excellia DUO A.I. TRI 16

Product code: S1ATL-526359

Category: Heat pumps > Air to water heat pumps

PRICE : €10,089.50

About the product

Manufacturer: Atlantic

Height, mm: 1851

Width, mm: 648

Depth, mm: 684

Efficiency class: A++

Efficiency: 4,10

Color: balta

Fuel type: elektra

Electr. power (W) to: 6.89

Item type: Su integruotu boileriu

Max. working pressure, bar: 3,00

Warranty, year: 60

Description

Benefits:

- Integrated hot water tank 190 l;
- Compatible with all kinds of low temperature transmitters (underfloor heating/cooling, radiator, fan coil)
- COP (coefficient of performance) up to 4,1;
- suitable for new buildings and especially for renovation - not sensitive to loaded water and resistance to fouling;
- working temperature down to - 25 °C
- refrigerant circuit R410A;
- nominal heating power: 15,17kW;
- additional electric backup heater: 9kW;
- possibility of remote piloting via Cozytouch application on a tablet or a smartphone;
- power supply capacity: 400-3-50 Hz;
- new NAVISTEM 400S regulator (Easy Start system, intuitive interface, user-friendly menu)
- integrated 16L buffer tank
- patented coaxial heat exchanger
- inverter regulation;
- class A low energy consumption circulation pump.
